<TEXT>I understand that you are proposing to institute a flat fee for the USF Collection System. Keep it the way it is! Those who make the most calls should also pay the largest fee. I am on a limited budget and I keep my calls to a minimum so I do not have to pay as much. That includes my residential phone and my cell phone. I use a cell phone where I buy a card and when the minutes are gone, I buy another. I do not pay a monthly fee to a wireless phone company because I want to keep my costs down. Why are you trying to penalize people who are doing what they can to save money?

Please, reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Pam Rees
